I no longer use Tindie ship to the EU because of the VAT rules recently introduced. Please see rc2014.co.uk for other options.

Add floating point or fixed point aoperations to your Z80 based RC2014 with this dedicated arithmetic processing unit

Product Description

The Am9511A APU module is designed to work with the RC2014 Standard Bus and optionally with the RC2014 Extended Bus. Supporting logic is provided to ensure that the Am9511A APU is adapted to the RC...
